

Wireless & Integrated Circuit

Industry Working Group (IWG) Fact Sheet

无线与集成电路行业小组情况说明书

Group Coordinator: Amanda Wu, Apple

小组协调员：吴园园，苹果

Group Members:

小组成员：

Apple	Applied Materials	Cisco
CommScope	Intel	Qualcomm
SD-3C	Ubiquiti	UL
Vertiv	Western Digital	

Key Objective(s) :

主要目标：

Work closely and cooperatively with industry members, associations, Chinese government and law enforcement to promote society's IP awareness, to protect IPR owners' rights, to protect consumers from being deceived and prevent them from serious health and safety risks posed by counterfeit products made with substandard materials and with poor performance.

无线与集成电路行业小组致力与业界同行、行业协会、中国政府及执法部门等各利益相关方紧密交流与合作，提升社会的知识产权意识，保护知识产权权利人的合法权利，保护消费者权益，避免使用不合格材料制造的质量低下的假冒产品对消费者的健康和安全造成严重损害。

Introduction:

介绍：

Wireless & Integrated Circuit Industry Working Group (IWG) consists of major players from a wide range of industries such as integrated circuit, mobile telecommunication, networking equipment, computing, home lifestyle appliance and device. The manufacturing, distributing, and selling of counterfeit products are rampant in our IWG. We aim to work closely with law enforcement in China and all regions for cross-border investigations and raids. We aim to build up a platform for our IWG members to communicate, exchange and share best practices. We are dedicated to research and solve common issues facing our IWG members in IPR protection work.

无线与集成电路行业小组成员来自集成电路、移动通信、网络设备、计算机、家庭生活用具及设备广泛行业。我们致力于与中国政府及各地方执法紧密合作，在中国及其他国家/地区全面打击假冒产品的生产、流通及销售。本小组旨在搭建一个平台，供小组成员沟通、交流及分享最佳实践。我们致力于研究无线与集成电路行业小组成员在知识产权保护工作中所面临的一些共同问题，并为尝试提出解决方案做出努力。
